Hall of Fame for Great Americans
New York City

Dear Sirs or Mesdames:

The Unitarian Universalist World has just reported to its readers the nomination of Clara Barton to the Hall of Fame. It seems highly appropriate that this "Angel of the Battlefields" be elected in this Bicentennial and International Decade of Women, all the more since she is the only woman nominated.

The increasing need we have for being reminded of our heritage would seem to call for this international humanitarian being honored among our great forebears.

I regret not having the names of California electors to write. I assume, however, that the endorsements of non-electors will be properly credited and forwarded, if necessary.

Yours sincerely,

Lizette Ward

Miss Lizette Ward
